"The Antioch News is the only paper in the world that is 100% for Antioch"

10c PER COPY

ANTIOCH, ILLINOIS, THURSDAY, JANUARY 28, 1971

VOL. LXXXV. NUMBER 32

## First Classes Tuesday In Upper Grade School

JOHN A. VAN HAECKE

Sgt. John A. Van Haecke, son of Mr. and Mrs. Elmer L. Van Haecke Sr. of Rte. 2, Antioch, is a member of a wing that has earned the U.S. Air Force Outstanding Unit Award at Perrin AFB, Tex. Sergeant Van Haecke, an administrative specialist with the 4780th Air Defense Wing, Tex., will wear a distinctive service ribbon to mark his affiliation with the unit. The sergeant is a 1967 graduate of Antioch Community High School and attended the University of Illinois.

DAVID A. FOX

David A. Fox, son of Mr. and Mrs. Elias Fox, Rt. 4, Antioch, been commissioned a second lieutenant in the U.S. Air Force upon graduation from Officer Training School (OTS) at Lackland AFB, Tex. Lieutenant Fox, selected for OTS through competitive examination, is being assigned to Mather AFB, Calif., for navigator training. The lieutenant, a 1965 graduate of Salem Central High School, Paddock Lake Wis., received his B.S. degree in physical education in 1970 from the University of Wisconsin in Madison. His wife, Lynne, the daughter of Mr. and Mrs. Kenneth C. Rolin of 28 Hillside Ave., Grayslake.

### Bid Let To Repair Rte. 173 In Antioch

The Liberty Asphalt Products, Inc., Grayslake, is the apparent low bidder for the improvement, widening and repairs to bridges on Rte. 173 from the McHenry-Lake County line to Antioch. The firm estimated the cost at \$1,110,057.

### Last Week To File For Home Exemption

This is the last week for Antioch residents 65 and older to complete the form for homestead exemption.

Under present Illinois law, such taxpayers must make application or make reapplication for such exemption by the end of this month.

But the present law has been found invalid by the Cook County Circuit Court. And, unless the appeal of the decision is overturned by the Illinois Supreme Court, it will remain unconstitutional.

If the state's highest tribunal

should decide that the Cook County court was wrong and the law is valid, then if past practice is followed in Lake County there would be an extension of time in which to make either original application or re-application for the homestead exemption.

But the law remains on the books.

The Homestead Exemption provides for an exemption of \$1,500.

The application may be filed in the office of Antioch Township Assessor G. D. Kennedy at 800 1/2 Main St., Antioch.

Deadline is Jan. 31.

### Chamber Meeting Is Feb. 10

A general membership meeting of the Antioch Chamber of Commerce will be held at 7:30 p.m. Feb. 10 at Froese Foam, 181 Ida St.

Out of this meeting, the board of directors hope to firm goals of the organization for this year.

"This is the most important meeting of your chamber," the directors said. "We need your opinions regarding our community so that we may set our goals for this year."

### PO Windows Will Close On Saturdays

Postmaster Robert Carter announced today that public finance windows at the Antioch Post Office will be closed on Saturdays, starting Feb. 13.

Public lobbies will be open as usual on Saturdays, for the convenience of lock-box customers. However, manned windows, providing stamps, money orders, registry, parcel post, information, and other services, will be closed.

This change in service is part of a recognition of the change in mailing habits of many postal customers, and is being observed by other post offices in this area.

Mail will continue to be collected, processed, and delivered as usual.

The crow is a mischievous bird, fond of pranks, and makes an amusing pet.

Mesdames Ruth Claeson, Margaret Martin, Barbara Mitchell, Ida Wysoglad, Mary Chase, Marian Prange and Mrs. Ann Soland meet with Superintendent Dittman recently to discuss Antioch Community High School Parent-Teacher Association programs and activities.

## Antioch AFS Chapter Will Meet February 1

The Antioch chapter of the American Field Service will meet at the home of Mrs. Robert Jensen, 477 First St., on Monday, Feb. 1, at 7:30 p.m. to discuss current and future A. F. S. plans.

Anyone interested in the A. F. S. foreign exchange program is invited to attend.

That time has rolled around again to find a benevolent family willing to open its home and heart to a student from some other land in the 1971-1972 school year.

Six months have passed since Luis Victor Herrero arrived from Argentina under the American

Field Service Scholarship Program to make his home with Mr. and Mrs. Robert Gross of Antioch. Luis will be showing slides and talking about his homeland and his impressions of America to interested groups in the Antioch area from February through April.

Anyone interested in meeting this friendly Argentine youth may contact A. F. S. liaison Doris Surrock, 395-2016, to arrange a speaking date.

Luis will graduate from Antioch High School this June, along with his American brother Chip Gross. Then, in July, he will pack his possessions and mem-

ories, after living in our community for a year, and return to his loved ones in Argentina.

It is difficult to say goodbye to the present foreign student but it is still exciting to speculate what country the next foreign student will so ably represent. The exchange of cultures and ideas between the foreign student and the host family can be a fulfilling and rewarding experience for all concerned.

The most important qualifications for the host family are: (1) a big heart, (2) an open mind, (3) must live in the Antioch High School district, (4) have a child or children enrolled in Antioch High School, (5) have a private bedroom or one to share with American brother or sister.

For further information about becoming a host family please contact A. F. S. adult president Hank Apostol, 395-1217, as soon as possible.

### Employment Tax Return Due Soon

Employers have an important tax deadline Monday, Feb. 1, 1971.

This is the last day for reporting Social Security and withheld income taxes for the calendar quarter ended Dec. 31, 1970, according to E. P. Trainor, District Director of Internal Revenue for Illinois.

Employers who receive a pre-addressed Form 941, "Employer's Quarterly Federal Tax Return," should use this form to report their tax liability.

Feb. 1 is also the last day for employers to report and pay the balance of Federal Unemployment Tax due or the total tax, if unpaid for 1970, using Form 940. Deposits were required with an FTD Form 508 if one-third of this

(Continued on page two)

### Antioch Girl On Dean's List

Christine Marie Johnson of Rte. 1, Antioch, and Susan L. Sherwood of 182 W. Grant Ave., Lake Villa, have been named to the Dean's List for the first semester of the 1970-71 school year at Illinois Wesleyan University, Bloomington.

## Village Gets \$1,974 In Sales Tax

Antioch was awarded \$1,974.14 as its share of state income tax in December, Gov. Richard Ogilvie said.

The amount brings to \$9,438.24 paid the village to date during this fiscal year.

Lake County was allocated \$63,547.14 in December to bring its amount paid in the fiscal year to \$303,815.13.

Lake Villa received \$727.69 in December. In the fiscal year, Lake Villa has been granted \$3,479.02.

Payments this month in the state bring the total paid to villages, cities and counties under the income tax law to \$37,239,194.81 this fiscal year, the governor added.

Gov. Ogilvie noted that changes in the month-to-month tax payments figure only reflect the progress of tax collections and therefore do not offer meaningful comparisons.

## High School PTA Slates '71 Meeting

The Antioch High School PTA will hold its first meeting of 1971 at 8 p.m. Feb. 3 in the newly-opened "Student Commons."

The program will be presented by the Guidance Departments which invite parents to come and be involved in meaningful dialogue and program.

The Color Guard and Swing Choir will furnish student participation and for an extra treat movies of the football games involving the 1970 champs—Sequoias will be shown.

Parents and interested friends are invited to attend the session.

## \$83 Million Withheld For Income Taxes

During the year 1970, Michael J. Howlett, state Auditor of Public Accounts, withheld \$83,568,997.76 from the pay of Illinois state government employees for federal income taxes and remitted it to the U. S. Treasury.

The total federal withholding of income tax on Illinois' state employees for 1970 was \$5,887,175.56 higher than for 1969.

## CLC Offers Courses In Electronics

Among the several career-oriented course offerings available to students at the College of Lake County are those dealing with electronics technology. These courses form part of a curriculum which leads to an Associate in Applied Science degree.

The curriculum, according to John Shelton, chairman of the division, is designed to prepare the graduates for positions in industry as electronic technicians, electronic engineering assistants, laboratory technicians, or skilled maintenance, trouble-shooting, and quality control technicians.

"The demand for people with this training remains high and surveys indicate that a shortage of technicians will continue to exist for some years to come. The number of graduates with electronics training is nowhere near enough to satisfy the need," stated Shelton.

The Electronics program at CLC is aimed in two directions: toward the general field of communications electronics including radio, television, computers, and microwave techniques used in radar and cross country transmission of television and telephone communications.

The other direction is to industrial applications including industrial control devices and circuitry as used on automated production lines, rotating machinery, i.e., motors and generators and the control thereof, industrial measurement and instrumentation used in measurement of light, heat, viscosity of fluids, etc.

Courses exist and are being planned in logic and digital technology to prepare an individual for entrance into numerical control.

CLC boasts a modern, well-equipped laboratory where the student can become familiar with the latest circuitry using up-to-date laboratory quality test equipment similar to that used by industry.

The courses offered in electronics and electrical technology at CLC for the spring semester include: (1) Electrical Circuit II dealing with AC circuits involving capacitance, inductance, and resistive networks; (2) Electronic Devices II, a second semester course in tubes, transistors, and associated circuitry including an introduction to amplifier analysis; (3) Electronic Circuits II, a second year course in computer logic circuits, computer memory, and microwave systems, and manufacturing techniques; (5) Electronic Instrumentation involving

the use, operation, maintenance and calibration of various types of electronic test and measuring equipment; (6) Electrical Machinery including maintenance, control and design of many different types of motors and generators used in industry; (7) Industrial Instrumentation which introduces the student to the various means used to electronically measure and control industrial processes.

The majority of these courses are offered on the CLC campus both during the day and evening. Since classes for the second semester begin February 1 and students may enroll prior to the first class meeting, it is not too late to consider enrolling in the electronics or electrical technology program.

Students interested in these programs are encouraged to contact either James Chase or James Frankhauser, instructors in the electronics program, by calling the college at 223-8193, extension 61.

Either instructor will be more than willing to answer questions regarding prerequisites for courses, the day and time of class meetings, enrollment particulars or admission to the college or the electrical/electronics program.

## Rotary Plans Annual Wild Game Dinner

The Antioch Rotary Club will hold its annual wild game dinner, Tuesday, Feb. 7 from 6 until 9 p.m. at Lorenz's Country House.

Moose, caribou and venison dinners will be served.

The "Scotch Lads Orchestra" will provide music for dancing. Entertainment will be by Larry Leafblad.

The Antioch Rotarians will be on Radio Station WKRS Thursday, Jan. 28, at 11:35 a.m. to 12:45 p.m. to promote the wild game dinner.

**Former Village Resident Dies**  
Herman Long of Capron, a former Antioch resident, died Jan. 7 at Harvard Hospital following a heart attack. Mr. Long was once manager of the Antioch Dairy. He is survived by his widow, Edith and a daughter, Mrs. Richard Selfield of Sharon, Wis., and four grandchildren.

## Sheriff's Deputies Carry New ID Cards

Effective January 18, all Sheriff's Deputies and Civilian employees now have in their possession a document of identification, Sheriff Orville Clavey announced today.

The current identity card is printed in black letters on a yellow card with a superimposed seal of Lake County in the center of the card on both sides.

The current identification has the bearer's photograph and thirteen particulars concerning him. These include Rh and blood type, and personal signature. On the reverse side, it has the Sheriff's signature and prints of the right and left index fingers of the individual.

This is a Sheriff's Department first for such comprehensive in-

formation for identification reference. The notabilia of particulars, together with the catalogued blood type of every member, is of great importance to the public and the Department.

Jerome Schuetz, chief deputy, said that in an emergency and especially when a deputy sheriff or civilian employee of the department is injured in the line of duty, he is in a position to bypass the time-consuming hospital testing procedures and receive an immediate transfusion of blood, pending compatibility from the blood bank or directly from his fellow employees.

Time saved could spell the difference between the life and death of the injured person, Schuetz said.

## Antioch Beautician In Race For Trustee

An Antioch beautician has entered the race for village trustee as an independent in the April 20 election.

She is Mrs. Margaret Nelson of 575 Drown Court, wife of Alvin Nelson, who operates Nelson Electric Co.

"I believe a woman's outlook on village business would be of great value to the community," she said.

Mrs. Nelson is the second independent candidate to enter the race. The other is William Seemann of 649 Longview Drive.

Both are seeking the four year term on the board.

Mrs. Nelson moved to Antioch in 1959 when she and her husband were married. She was reared in Chicago.

coming election. The seats are currently held by J. Irving Walsh, Richard H. Radke, and Richard O. Burnette.

George W. Bartlett is seeking an unexpired two year term. He was appointed to the vacancy when Richard Daniel resigned more than a year ago when he moved outside the village limits.

Walsh, Radke, Burnette and Bartlett have filed as members of the People's Party.

Seemann is a science teacher at the Antioch High School.

The last day to file petitions for a place on the ballot is Feb. 15 which is a legal holiday.

Mrs. Marilyn Sterbenz, village clerk, said she will ask the village trustees to extend the deadline to the following day to allow last minute filings of any

petitions for a place on the election ballot.

She said one village attorney in the area has authorized the clerk to accept petition filings on Feb. 16 without seeking an opinion from the Attorney General.

## Deadline Is February 15 On Auto Sticker

Antioch car and truck owners have until Feb. 15 to purchase their 1971 vehicle stickers, Mrs. Marilyn Sterbenz, village clerk, said.

She said vehicle owners will have to pay a \$2 penalty, or \$3 should they buy their stickers after the deadline date.

The price for passenger cars and trucks is \$4.

## Ice Safety Rules

Activities on ice are very popular in winter months as ponds, lakes and streams are used for skating, skiing, sledding, ice fishing and snowmobiling.

Antioch safety officials notes that it is important to know the thickness of ice you are going to use, and what it will safely carry.

One-inch ice—everyone stay off.

Two-inch ice—safe for one person, but why take a chance.

Three-inch ice—will support small groups in single file. Why take a chance, wait until the ice is four inches thick.

Four-inch ice—most activities, including skating, skiing, sledding and ice fishing are safe. But not for snowmobiling or cars—these vehicles need several additional inches of ice.

The condition of the ice is important, too, especially when vehicles are used. Granular and porous ice, made that way by freezing and thawing, often is greatly weakened and unsafe, even if thick.

Skaters are urged to use areas under supervision whenever possible, and stay off ice during thawing spells.

Shallow-water areas, not over waist deep, are safer than deep areas. Stay close to shore, and never skate alone.

Avoid crossing ice over running water, for ice can be eroded from underneath by currents.

## Labor Cases

Three strikes and you're out! Maybe so in baseball—but not with the National Labor Relations Board.

Since the NLRB was established, three different Congressional committees have agreed that its judgments have been "way out in left field." But nothing has been done about it.

Now another Congressional subcommittee has come up with similar findings. Only this time, the committee shows a serious intent to take a turn at bat and try to amend the rules with the Tower Bill. It would turn over the judicial function of the NLRB to the Federal District Courts where it obviously should have been in the first place.

This adds up to a new ballgame! It will encourage management and labor to go out there and settle their differences in the same ballpark (conference table). And when this doesn't work there are approximately 400 district judges available "to call them as they see them."

**TAXPAYERS ASK IRS**

Q) The IRS says it will figure the tax for more people this year. Who can take advantage of the offer?

A) Up to 30 million taxpayers may have IRS compute their tax. To qualify, income should be less than \$20,000 and consist only of wages or salaries, tips, dividends, interest, pensions or annuities. The taxpayer must also take the standard deduction.

Previously, IRS could only compute the tax for those with less than \$5,000 of income, primarily from salaries and wages. These limits disqualified many low and middle income taxpayers as well as retirees living on pensions or annuities.

If you want IRS to compute your tax, just follow the instructions for entries on the return and mail it, with attachments, to the IRS Service Center in your area.

Besides computing the tax, the IRS will also compute retirement income credit for those entitled to it. This computation has proven confusing to many taxpayers in the past.

Q) When can I expect to get my W-2?

A) Employers are required to issue W-2 statements on 1970 wages paid and taxes withheld to their present employees by the end of January. Since this falls on a Sunday, the deadline for employers to issue these statements is February 1.

Anyone who left a job before the end of the year should have received a W-2 within 30 days after his last pay check.

Q) Where can I get information on the changes that will affect my 1970 return?

A) A summary of the major changes in the law are listed on the cover of the 1040 income tax packages most taxpayers will receive in the mail. Information on how to handle these changes are explained in the instructions.

Additional information on the tax law changes as well as other aspects of tax law may be found in Your Federal Income Tax. This publication may be obtained from most IRS offices for 75c.

Q) My husband is over in Vietnam in the army. What should I do about our tax return?

A) You are not required to file a return until 180 days after he leaves Vietnam. If you want to file earlier because you are expecting a refund, indicate in the space where his signature should go that he is serving in a combat zone.

Q) Does the income tax surcharge apply to all money earned in 1970?

A) Yes. The income tax surcharge rate for 1970 is 2½ percent.

Q) My teenage son earned enough money in 1970 to owe tax. Does that mean I will lose my exemption for him?

A) Not necessarily. As long as your son is a full-time student at least five months of the year or was under 19 at year end, the amount of his earnings will not affect his dependency status.

However, the other dependency tests, support for instance, must be met.

Q) What tax rate should I use when I report my maid's wages for the fourth quarter?

A) The combined rate is 9.6 percent, 4.8 percent each for employer and employee, and should be used when filing your form 942, Quarterly Report on Household Employees, for the months of October, November and December. The deadline for filing and paying the tax is February 1, 1971.

Note that the rate goes up effective January 1, 1971, from 4.8 percent to 5.2 for both employers and employees.

Q) I have income from a farm I own as well as from a part-time job. Do I come under the filing provisions for farmers?

A) You do if at least two-thirds of your gross income is from your farm operations. If that is the case and you do not file a declaration of estimated income tax by January 15, you should file your tax return and pay the entire tax due by March 1 to avoid a penalty.

Other taxpayers not qualifying as farmers have until February 1 to file their final returns and pay the tax due, in place of paying the last quarterly estimated tax installment or filing and paying an estimated tax declaration due January 15.

Taxpayers who do not have to file declarations, such as those whose withholding equals or exceeds their tax due, have until April 15 to file their returns.

## Edison Asks Rate Increase

Pressed by rising costs, Commonwealth Edison Company today filed with the Illinois Commerce Commission revised rate schedules calling for an increase of about 10.4 per cent a year in charges to customers.

According to J. Harris Ward, Edison chairman, the new rates will raise revenues by approximately \$95 million a year over current charges. He said the net gain to the company will be reduced to about \$44 million after federal and state income taxes and other tax obligations. All of the company's approximately 2½ million customers will be affected by higher charges.

For most residential customers, the new rates will raise the price of a kilowatt-hour by about one-third of a cent. For average users of 400 kilowatt-hours a month this means an increase of a little more than four cents a day.

Mr. Ward said the rate increase is urgently needed to relieve the company's growing burden of higher costs, including the cost of money required to finance the biggest construction program in (Continued on page three)

Illinois Bell construction worker, Dale L. Dempewolf, guides an 1800 pair cable into an underground conduit along Route 173. When this construction is completed the underground cable will replace all the aerial cable on Lake Street in Antioch and the aerial cable on Route 173 from Tiffany Road west to Linden Lane. It will also provide facilities for growth expected in the Northwest section of Antioch.

## Town And Country Art Show Scheduled For April 6, 7

Amateur artists in Lake County are invited to submit their original paintings and other art items in the thirteenth Lake County Town and Country Art Show.

The show will be held in the Farm Bureau building on the Lake County Fairgrounds, Tuesday and Wednesday, April 6-7.

It will be open to the public from 1 p.m. to 10 p.m. on April 6, and 9 a.m. to 9 p.m. on April 7.

Three separate exhibits, according to age groups will be held. Exhibits will be grouped and judged as follows: 18 years of age and older; under 18 or high school students, and those in grade school or below.

All entries will be judged by competent judges approved by the University of Illinois and selected by the Lake Cooperative Extension Service Staff.

Artists may submit up to three different original paintings, or other art items made during the past year. Paintings may be in oil, water colors, pencil, charcoal, pastels, ink or any media on paper, canvas, or flat surface.

Ceramic pieces, metal enameling, wood carving, weaving and other handicraft items can be entered. A complete list of rules can be obtained by writing the Lake County Extension Advisers, Ray T. Nicholas, P. O. Box 267, or Helen Volk, P. O. Box 306, Grayslake, Illinois 60030.

This show is sponsored by the Lake County Agricultural and Home Economics Cooperative Extension Service of the University of Illinois. Last year's show drew a total of 751 entries by more than 350 amateur artists.

A Lake County artist was recently honored at the State Town and Country Art Show. The artist whose entry was among the 16 blue ribbon selections in the University of Illinois 15th Annual Town and Country State Art Exhibition is Thomas Gourley, Zion.

## Deadline For NIU Admission Mid-February

Deadline for admissions to Northern Illinois University for fall 1971 is now anticipated to be mid February.

High school students who want to apply to Northern will be required to send an advance deposit of \$50 with their application. The deposit is non-refundable. The deposit is required of all new students on the theory that it will permit better planning of classroom and housing space, and will increase earlier "intentions" to enter NIU.

Prospective freshmen who miss the February cut-off date can be placed on a waiting list. As vacancies occur, the eligible students for the list will be offered a place in the fall class.

Those on the waiting list would be notified beginning in mid-April.

## Edison Asks.....

(Continued from page two)  
Commonwealth Edison history. The program, just announced yesterday calls for an estimated expenditure of \$2 1/2 billion in the five-year period, 1971-75.

The construction must be carried out, he pointed out, under extremely costly financing conditions. "In 1970," he said, "Edison's interest bill on debt amounted to approximately \$85 million—almost \$37 million more than it was just two years before. Over the next five years our money costs will continue to grow as we go to the security markets to raise nearly \$2 billion to meet our construction budget and refinancing about \$400 million of maturing issues. At least one-fifth of the \$2 billion total must be raised during the balance of 1971." Edison's 1971 financing, Mr. Ward added, will include about \$100 million in the form of equity.

Referring to other costs, Mr. Ward noted that the cost of generating capacity has soared from \$100 a kilowatt for units installed just five years ago to more than \$300 for recently ordered units.

"We must keep building new generating facilities to meet customer's growing needs for electricity and to maintain a high degree of service reliability," he said. "But we can no longer hold electricity prices down when we ourselves must pay sharply higher prices for practically everything required to give customers good electric service."

A rate increase of less than five per cent received by the company last year furnished only partial relief from inflationary pressures, according to Mr. Ward. "Since application for that increase was made a year and a half ago," he said, "wages, expenditures for new plant and materials and interest costs have all risen substantially and hurt our earnings capability."

He also pointed out that environmental control projects undertaken by the company are adding to the cost of power production. Edison's expenditures on facilities to improve the environment will come to at least \$285 million by the end of 1975, Mr. Ward said.

## Grade School Forms Free Lunch Policy

Antioch Community Consolidated Grade School District announces the establishment of a policy to determine children eligible to receive free or reduced price lunches. The school district has long recognized the need for helping meet the nutritional needs of students. A well-balanced, nutritious lunch is served each school day in the following attendance centers: Antioch Grade School, Oakland Grade School and Channel Lake Grade School.

The charge to students who can pay is 30 cents daily. However, since some families may find it difficult to pay the full price for their children, the school will provide these lunches free or at a reduced price to those children determined eligible. Henry Meyer, Superintendent is the authority responsible for making determinations.

Families who believe that their children may be eligible for free or reduced price lunches are urged to apply. Copies of the application form and information regarding procedures for application were sent to parents Jan. 5. Additional copies may be obtained or the complete district policy may be reviewed by any interested person at the Antioch Board of Education Office, 817 N. Main St., Antioch, Illinois.

The completed application, signed by an adult family member should be sent to Henry Meyer, Superintendent, 817 N. Main St., Antioch. Such application will be reviewed within 15 days and the family will be notified in writing of the decision made. Information provided on the application will be held in the strictest confidence. Decisions for approval will be based primarily on the family income level according to a National guideline used by participating schools throughout the United States and prescribed by the Secretary of Agriculture, as indicated below. Any unusual circumstances or hardships which affect the family's ability to pay for the lunches will also be considered. If a family is not satisfied with the decision made regarding their application, they may appeal the request to Milo Bailey, president of the Antioch Grade School District 34 Board of Education, who will review the application to try to make satisfactory arrangements. The district policy will be applied fairly and uniformly to all children and became effective Jan. 1, 1971. Parents who believe they may qualify are urged to apply as it is the sincere desire of the district to reach every child who may need the benefit of a nutritious lunch at school.

Family Size	Annual Gross Income
1	\$1,920
2	2,520
3	3,120
4	3,720
5	4,320
6	4,920
7	5,520
8	6,120
Each additional family member	450

## Suit Filed By State To Save Volo Bog

Attorney General William J. Scott has filed suit to acquire approximately 155 acres surrounding Volo Bog, the Lake County 12,000-year-old geologic phenomenon.

Scott's suit, filed in the 19th Judicial Circuit Court in Waukegan, seeks to obtain the land for the Illinois Department of Conservation for "public use, namely for a Nature Preserve and for Conservation purposes."

The Attorney General said that acquisition of the land is necessary because it is needed as a buffer zone to maintain the delicate ecological balance of the bog.

Scott pointed out that the Bog is important because it has preserved animal remains and a record of climatic activity over the past 12,000 years.

"The bog serves as a valuable tract of land for scientific research into past animal, plant and climatic history, and is a rare and valuable source for continuing ecological study and research," the Attorney General said.

Ownership by the state of the

155 acres in question would not only help to maintain the delicate balance of Volo Bog, but would also permit the establishment of a nature preserve that could be enjoyed by the citizens of Illinois, he explained.

The suit is part of a continuing action to save the Bog, which began when Scott filed suit to prevent a private developer from draining the bog in order to construct an apartment and business complex and recreation area.

In April of 1970, Scott filed a successful suit to halt construction of the proposed development on the Bog and adjacent land. At that time, Scott explained that the proposed drainage would result in a fatal lowering of the acidic water in the bog which nourishes rare plant life.

In June of 1970, Attorney General Scott successfully convinced the Board of Trustees of the University of Illinois to transfer ownership of the Bog to the Department of Conservation in order to ensure preservation of the bog.

Scott's suit said that state funds for the purchase of the land are available, and that numerous unsuccessful attempts had been made to negotiate with the owners.

Major defendant in the suit is the National Bank of Austin, 5845 W. Lake St., Chicago, which holds title as trustee for the owners and other parties who have an interest in the land, including Robert R. Krilich, president of the Riverwoods Development Corporation, the private developer named in Scott's April, 1970, suit.

Acting on behalf of Attorney General Scott are Frank S. Righheimer and Frank S. Righheimer, Jr., Special Assistant Attorneys General.

## \$1 Million Spent Each Day To Improve Telephone Service

Illinois Bell Telephone spent more than \$1 million each day in 1970 to provide, expand and improve telephone service.

Funds spent on construction by Illinois Bell in 1970 totaled \$387 million—making the year the most expensive in the company's history.

Illinois Bell and Bell System affiliates spent an estimated \$225,000 on rents, supplies, and other payments in the Antioch telephone exchange area during a recent 12-month period. Wages paid to Illinois Bell employees residing in that area totaled about \$478,000 in 1970.

Picturephone service was offered for the first time by Illinois Bell in 1970. The "see-as-you-talk" telephone service became available in Illinois on December 1—and already a number of customers have expressed interest in the new era of communications.

Illinois Bell has never been recognized as a major source of pollution. Nevertheless, for the

past ten years the company has committed itself to reducing environmental contamination.

By the end of 1970, more than half of Illinois Bell's huge motor fleet was equipped with anti-pollution devices, all of the company's heating plants were burning clean fuel, and the company was experimenting with an electrically-powered truck.

To meet the rapidly increasing costs of providing telephone service, Illinois Bell was granted a \$77,864,000 rate increase by the Illinois Commerce Commission after 11 months of hearings. The company had asked for an \$86.5 million increase in December, 1969. This was the company's first general rate increase in 17 years.

Illinois Bell reached a milestone in 1970. The company installed its six-millionth telephone at the new Sangamon State University in Springfield. Out of that total number of phones, nearly 7,300 are installed in the Antioch exchange area where users make an average of four calls per phone each weekday.

Telephone employees maintained their reputation for community service during 1970. The Telephone Pioneers of America and the Volunteer Corps, community service organizations of Illi-

nois Bell employees, were active in projects in Lake County. They produced audio balls for the blind, helped maintain the Waukegan Servicemen's Center, and entertained patients at hospitals.

## Lindenhurst News

Mrs. Bernice Bernau  
356-5649

### WOMEN'S CLUB

Mrs. John Gibbons was the installing officer Jan. 14 when Mrs. Robert Hendrickson took office as the new president of the Lindenhurst Women's Club. Also installed with her were Mrs. Harley Jenewein, secretary; Mrs. Robert Bunkelman, treasurer; Mrs. Milton Wollard, Mrs. Jerry Nordness and Mrs. Joel Thompson, executive board members. Mrs. Wollard is also sgt.-at-arms. Mrs. Don Dietz, incoming vice president, was absent.

Mrs. Hendrickson presented Mrs. Thompson with a president's pin. Pins were also given to Mrs. Jenewein for her services as secretary for 1970, Mrs. John LaPaglia for treasurer for 1970 and Mrs. Hendrickson for vice president for 1970.

Mrs. Robert Manuel is chair-lady for the Women's Club bowling party to be held Feb. 27 at Bertrand's Lanes in Waukegan. It will be Scotch doubles. Each couple will play four games. Members who didn't sign up to bowl, may call 356-5066.

Mrs. Milton Lazansky, chair-lady for Great Lakes Hospital visitation, reported that members would be going in February, again. A date is to be set. High school girls are invited to go along.

Mrs. William (Terry) Glogovsky volunteered to be Sunshine Girl. Whenever a member is in the hospital, she should be notified, in order that a plant may be sent.

Mesdames Marlene Pearce, Charlotte Pearce and Edith Gunter were guests.

Birthday ladies were Evelyn Lazansky and Fran Priory. Mrs. Lazansky received a pair of red and white gloves and a handkerchief.

### HOSPITAL PATIENT

Mrs. Anne Zandier fell and broke her arm Jan. 8 when she went out to the mailbox. Fortunately, neighbors and school children saw her fall, and quickly informed her daughter, Mrs. Pat Riekey, who lives near by. The Lake Villa Rescue Squad took her to St. Therese Hospital.

### SYMPATHY

Heartfelt sympathy is expressed to Ed Erber and his family on the recent death of his wife, Frieda. She died shortly after a fall on the ice. She had lived at 331 High Point Drive, Seven Hills.

### BIRTHDAYS

Birthday greetings go to Mark Alan Harvey, Kathleen Dunn, Judith Gruszewski, Wendy Lee Fabry, Philip Rezin, Julie Anderson, Joan Dewar, Kimberly Ann Smith, Greg Mitchell, Steve Lazansky, Timothy Hartkollis, Clarice Perssons, Susan Gayle Gibbons, Victoria Lee Hussey, twins Michelle and Renee Bonfoey, Jean Vitek, Joan Bunkelman and Julie Ott.

### ANNIVERSARIES

A happy anniversary is wished to Jack and Gloria Yanco. They celebrated their ninth anniversary Jan. 20. Stanley and Germaine Kregger celebrated their 48th anniversary on Jan. 22. Jack and Judy Kempher were married 13 years on Jan. 25. Our best wishes to all.

### WEDDING

Miss Paula Neff, daughter of Mr. and Mrs. Paul Neff, of Lake Villa was married Saturday, Jan. 23, to H. Paul Hollingsworth, son of Mr. and Mrs. Harold Hollingsworth of Wheaton, at St. Mark Lutheran Church in Lindenhurst. They plan on living in DeKalb while they are finishing their schooling. Miss Neff has completed her junior year at Northern Illinois University, and her husband is a student there, having completed four years in the U. S. Navy. He is a member of Alpha Phi Omega fraternity.

## Homemakers Extension Membership Drive On

"Pass the Word About Our Changing Times" is the theme of the 1971 membership drive of the Lake County Homemakers Extension Association to be conducted during January and February according to Mrs. Richard Janssen, Libertyville, County Membership Chairman.

The county-wide educational organization for women consists of 650 members who belong to 22 units in all parts of Lake County. The units which meet monthly in homes or in public buildings have from 15 to 60 members each. At every meeting there is a lesson given on topics of interest to homemakers including phases of home management, home arts, and citizenship.

The lessons are presented by

the Extension Adviser in Home Economics, Mrs. Helen Volk, or by local leaders who are trained by her or members of the University of Illinois Extension staff.

This part of the adult program of the Lake County Cooperative Extension Service aids with the 4-H youth program by sponsoring clubs, training leaders, and planning the 4-H programs.

The Lake County Homemakers group is affiliated with Illinois Homemakers Extension Federation, National Homemakers Extension Federation and the Associated Country Women of the World making Home Economics Extension the largest educational organization for women in the world.

During January and February, lessons on Oriental Culture are

being presented by Mrs. Helen Volk, and local attorneys are discussing Wills, Estates, and Trusts at alternate meetings. There is also a course of Sewing with Knits and Wools being given by Mrs. Barbara Dahl, associate adviser. Lessons on Macramé, Art of Presenting Foods, Leathercraft, Pesticides, Laundering are some of the topics that will be offered the next few months.

Emphasis in this year's membership drive is being placed on recruiting young marrieds for the group as it is felt that these young women could use some of the up to the minute information that Home Extension provides, but membership is open to all adult women in Lake County. Annual dues are \$7.50. Call Mrs. Janssen at 362-1066 or Mrs. Volk at 223-4844 for more information.

Mr. and Mrs. Philip N. Thiele

## Judith Bergin Weds William Bergin

Philip N. Thiele, son of Mr. and Mrs. E. J. Thiele of RFD 2, Box 131 and Judith A. Bergin, daughter of Mr. and Mrs. William Bergin of 2407 Deerpath, Lindenhurst, were married Jan. 11 in Antioch Evangelical Free Church. The Rev. Bernard Fosmark, pastor of the church, united the couple at the afternoon ceremony. The bride was attended by Mrs. Barbara J. Bokan as matron of honor. Best man was Charles Thiele, brother of the bridegroom.

Ushers were Eugene Thiele, also a brother of the bridegroom, and Robert Bergin, brother of the bride.

Mrs. Thiele was graduated from Grayslake High School. Her husband, an Antioch High School graduate, is employed at Regal China Corp.

A reception was held for 100 guests in the church parlor following the wedding.

The couple will live in Antioch upon their return from their honeymoon at Ft. Lauderdale, Fla.

## Lake County Homemakers Units Invite New Members

During January and February the Lake County Homemakers Extension Association is conducting its annual membership drive. This year's drive "Pass the Word About Our Changing Times" is placing emphasis on securing young marrieds into the county-wide educational group although all Lake County women are invited to join.

Topics on home management, home arts, and citizenship are presented at monthly unit meetings and other cultural and home-making projects are offered throughout the year at the Extension Building on the Lake County Fairgrounds at Grayslake.

Who belongs to Homemakers Extension? Over 650 women in all parts of Lake County who belong to 22 units. 88% of the members who responded to a survey conducted by the Association last spring are over 30, 12% from 20-30. The average homemaker is also active in her church, school and other organizations including Garden Clubs, Grandmothers Clubs, Women's Clubs, Lodges. Some are members of Divers, Community Players, Rock Clubs, Weaver's Guild and Sweet, Adelines.

All but 1% of homemakers have hobbies, most of them sewing, knitting, crocheting and needlework. Many enjoy gardening, arts and crafts, painting and music. Half enjoy reading for recreation, while some enjoy TV

programs, sports, travel, and camping. Favorite TV programs are such diverse shows as Lawrence Welk and Sesame Street and Jim Conway Show and Family Affair.

About 73 percent of those responding to the survey are doing volunteer work in their communities with participation in head start programs, helping in hospitals and nursing homes, working with older adults and migrant workers, aiding Mental Health and Bloodmobiles. Some work with youth in 4-H, Teen Challenge, and Girl Scouts.

The Homemakers group according to the survey expressed the desire to get younger members including newly marrieds and young mothers into their Association. They would like the Home Economics Extension program expanded in many ways including more crafts and more community involvement and planning. Members help plan the year's programs by giving suggestions to their unit program chairman who meets with the county program committee. The committee tries to plan programs that will be of interest to all Lake County women.

Though not much of a singer, the cedar waxwing is an attractive bird with silky plumage and a striking crest.

The Millburn DeMolay boys were the escorts and they gave their 9 o'clock Interpolation. Refreshments were served following the installation.

First meeting of the new term was held Monday.

## American Legion Auxiliary News

By DEL JAHNEKE

"February is known as 'Americanism' month in the American Legion Auxiliary, due to the birthdates of George Washington and Abraham Lincoln," Mrs. Edwin Bradtke, Gurnee, District Americanism Chairman, 10th District Auxiliary, stated. "We will have a speaker talk on the various phases of Americanism, at the February 10th meeting of the 10th District American Legion Auxiliary, to be held at the Mundein American Legion Home, at 8:00 p.m."

"All winning unit Americanism essays must reach me by March 1st," Mrs. Bradtke continues, "so that the winning contestants in each of the three Classes may receive a \$25.00 U.S. Savings Bond from the 10th District Auxiliary at their April meeting."

Mrs. John L. Horan, Antioch Unit Americanism Chairman, reported that Antioch has had quite a few District winners in recent years.

"Display your American Flag proudly! Make 1971 a Banner year — a 'Star Spangled Banner' Year," Mrs. Bradtke encourages all members; "The American Flag is an important symbol of our national unity — display it on all legal and patriotic holidays. Purchase and fly antenna American Flags on your cars. Let us join with the American Legion and wear a lapel flag pin as part of your daily costume!"

Mrs. Bradtke encourages all Units to contribute to the Americanism and National Security Fund. This money promotes the Americanism essay contest, the awards to the winners, the Patriotic Conference and all National Security programs.

All Units are asked to donate to the "For America Seminar", where a qualified political science teacher is sponsored for a three week's course, conducted by Freedom's Foundation, Valley

Forge, Pa., thereby earning three graduate credits. Cost of sponsoring a teacher is \$400.00. The objective of the "For America Seminar" is to focus attention on the fundamental freedoms upon which the American way of life is based, and the attacks, both internal and external, which are being made upon these freedoms. It's program consists of a series of lectures and discussions groups on fundamental freedoms, the communist attack on these freedoms, and means of curbing disregard of law and order and of raising the level of citizenship responsibility. Staff and lecturers are chosen from a roster of the nation's most outstanding spokesmen for the American way of life.

Many American Legion posts and units give American flags to schools, for Brownie Troops, Girl Scout groups, Cub Scouts, Boy Scouts, Campfire Girls, public libraries, civic buildings, etc.

The 10th District American Legion and the Auxiliary co-sponsor a New Citizen's Reception every four months in Lake County. "In conclusion," Mrs. Bradtke said, "there are so many ways in which a Unit can contribute to the Americanism program; that even the smallest, most limited American Legion Auxiliary Unit can still perform some meaningful part of it's overall theme."

Mrs. J. D. Horan announced the Antioch American Legion Auxiliary participates in the New Citizen's Receptions, in the Americanism essay contests, has bought and sold many antenna American Flags, has donated American Flags to nearly all local school classrooms, and has given an outdoor American Flag to the Antioch Public Library. The Antioch Unit has also contributed to both the Americanism-National Security Fund and to the "For America Seminar" Fund.

Susan Hession

## Susan Hession Sets August As Month For Her Marriage

Mr. and Mrs. James J. Hession, Jr., of Channel Lake, Antioch, announce the engagement of their daughter, Susan Karol, to Glen

Bocox of Lake Villa. Both are 1968 graduates of Antioch Community High School.

She is a 1970 graduate of the College of Lake County Dental Assistant program.

He is presently a junior at Oberlin College, Oberlin, Ohio, majoring in Economics with plans to enter law school upon graduation.

His parents are Mr. and Mrs. Paul E. Bocox of Lake Villa. An August wedding is planned.

Mrs. John R. Laude, daughter of Mr. and Mrs. Ernest B. Ott of Felter Subdivision, Antioch, is a member of the faculty at Rosholt Elementary School, Stevens Point. A long-time resident of Antioch, her husband is attending the university at Stevens Point, Wisc.

The talking mynah, a large starling of India, talks as well as a parrot or crow.

## Air Force Promotes Groeninger

William H. Groeninger, son of Mrs. Lee A. Marple, R.R. 2, Lake Villa, has been promoted to staff sergeant in the U.S. Air Force.

Sergeant Groeninger, a jet engine mechanic at George AFB, Calif., serves with a unit of the Tactical Air Command.

The sergeant is a 1968 graduate of Antioch (Ill.) Comm. High School.

His father, Clarence P. Groeninger, resides at 1051 Bishop St., Antioch.

## CHRISTIAN SCIENCE CHURCHES

What it means to be a neighbor will be explored Sunday at Christian Science church services.

The parable of the good Samaritan will be included in the Bible readings. "Love" is the subject of the Lesson-Sermon. The Golden Text is from Romans: "Love worketh no ill to his neighbor; therefore love is the fulfilling of the law."

A passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good."

Services at First Church of Christ, Scientist, BEACON HILL, Rte. 173 and Harden, Antioch, Ill., are held at 11 a.m. Everyone is welcome.

## TOPS Group Announces New Contest For Members

The TOPS Cheerful Losers rounded out the year of 1970 with a Christmas party held at the Stage Stop in Wilmet on Dec. 17, with a gift exchange and fun.

The new year of 1971 has started off with enthusiasm and a new contest whereby members will be paid for total pounds lost over a period of five weeks ending Feb. 18.

At the Jan. 14 meeting the weight recorder Mrs. Florence Krock reported that the club as a whole lost 282 pounds for the year. The chapter queen for the year was Eva Spicer with a loss of 30 1/2 pounds.

### GEORGE SCHROEDER FETED AT BIRTHDAY CELEBRATION AT MOOSE

Sunday, Jan. 24, was a big surprise for George Schroeder of Petite Lake when he was called to the Antioch Moose Home and found sixty-five relatives and friends, including twelve grandchildren to greet him and say "Happy Birthday."

They came from Rockford, Sycamore, Ingleside, Kenosha, Wildwood, Antioch, Ingleside, Salem, Wis., and Grayslake.

The Crown Club of Antioch Moose Lodge put on a beautiful show for the kiddies. The president of Chicago No. 3 Clown Club Loyal-Order of Moose "Happy" and wife, Vi, were unexpected but welcome guests.

George was happy to have twelve grandchildren at the table with him. There were still seven more. Sandy lives in Michigan, five more in Florida, and Benny is in the U. S. Navy on the submarine Ronquill, right now in Hong Kong.

A lovely buffet was served including a huge birthday cake.

**Doll Display  
Opens For Six  
Days Monday**

A display of portrait dolls of Mary Todd Lincoln will be on display will be on display for six days, beginning Feb. 1, at the Antioch Township Public Library.

The dresses and dolls were constructed by Mrs. Phyllis McMillen of Antioch.

## New Business Classes Slated At Jr. College

Clifton DeBates, chairman of the Business Division, announced a number of new courses offered by the College of Lake County for the second semester in the fields of accounting, shorthand, and insurance.

A new series in accounting has been designed to meet the needs of various individuals who desire additional time to complete the normal accounting sequences.

Fundamentals of Accounting 124, 125, and 126 cover the same material as included in Principles of Accounting 121 and 122. The only difference is the length of time, DeBates indicated.

An experimental class in Touch Shorthand I will be offered during the morning in conjunction with a Shorthand II class. "This class is open to students who have had touch shorthand in the past and feel the need to review before taking more advanced courses," stated DeBates. "Shorthand lab has thirty individual cassette recorders for use in this program."

Machines for work in these classrooms are furnished by the college. More and more companies are becoming interested in

den; Mrs. Lottie Velch, Highland Park, Deputy Recording Secretary; and Mrs. Winnie Davidson, Deputy Financial Secretary.

Approximately 45 people were present from Antioch, Crystal Lake, Highland Park, Libertyville and Waukegan.

A "School of Instructions" will be held at the Antioch American Legion Home, at 8:00 p.m., on Wednesday, Feb. 17.

The regular business meeting of the Women of the Moose was called to order by Senior Regent Erna Toft. After Recorder Jerri Polson called the roll, she read the new applications. The Chapter then voted a favorable ballot.

The minutes of the previous Chapter and Executive Board meetings were read. The next Executive Board meeting will be on Feb. 15 at the home of Junior Regent Judy Page.

The Chapter heard reports from the Child Care committee, read by Pat Sperling, chairman; from the Library committee, read by chairman Marsha Priko; Publicity committee, read by Chairman Dorothy Laursen.

The Guides escorted Junior Graduate Regent Rose Marie Hadley to the altar where she presented the Chapter with the Award of Achievement, which will be placed on exhibit in the Moose Lodge.

Our Chapter has been invited to the Mid-Winter Conference which will be held March 7 at Highland Park. Antioch Chapter will perform the enrollment ceremony, and all officers, chairmen, escorts, and guides are asked to attend.

The January Birthday March was performed by Chaplain Shirley Rentsch, Ritual Director Mae Palmer, Sentinel Fran Boxley, and Escort Lydia Pederson.

The program on Narcotics, scheduled for Jan. 28, has been cancelled.

For next month the Hospital Committee has engaged a speaker from Illinois Bell Telephone Company to speak on abusive telephone calls and how to handle them.

The Co-Workers were reminded to get their tickets for the March 13 St. Patrick's Day dance.

The meeting was adjourned to meet again on Feb. 4.

people who are well qualified in the skill of touch shorthand."

Investment and Family Financial Management will be offered for the spring semester on Thursday afternoons and the Life Insurance Law and Company Operation will be offered on Saturday mornings. Both classes are part of the ten courses required for completion of the Charter Life Underwriters Diploma Program.

"The CLU Diploma Program courses are open to any adult over twenty-one, whether interested in working toward the di-

ploma or in taking a course for professional or personal interest," stated DeBates.

Any person interested in additional information on the above mentioned courses or any courses in the business field, are urged to contact Mr. DeBates at the College of Lake County, 223-8193, extension 66. Classes for the second semester begin February 1 and students may enroll prior to the first class meeting. It is not too late to consider enrolling in courses offered by the Business Division.

## Filing Your 1970 Federal Tax Return

Over three million tax packages are in the mail for northern Illinois taxpayers, reminding us that it's time to make our annual income tax report to Uncle Sam, according to E. P. Trainor, District Director.

The tax package includes the basic one-page Form 1040, which is essentially the same as last year's form. Additional pages or schedules, Mr. Trainor said, are included to enable taxpayers to tailor their returns to their own particular circumstances. How ever, improvements have been made which taxpayers "felt would be helpful. These include the printing of instructions separately, the use of the back of Form 1040 for tax computation, and the printing of some of the schedules back-to-back.

Most northern Illinois taxpayers will receive tax packages printed in color. The red and blue format is intended to direct attention to areas of the return where errors are most commonly made. Tax packages and forms which are picked up from IRS offices and other locations will continue to be printed in black ink, Mr. Trainor added.

The package mailed to taxpayers, includes a special "peel-off" label on the front cover, with the taxpayer's name, address, and social security number. The label is to be taken from the front cover of the tax package and attached to the return.

The tax package also includes an envelope, addressed to the Internal Revenue Service, Midwest Region, Kansas City, Missouri 64170. This is the mailing address for all Federal tax returns.

If you do not receive a tax package through the mail, obtain your tax forms from any IRS office.

The 1970 tax forms reflect several changes made by the Tax Reform Act of 1969. Among the most important are:

Mr. Trainor pointed out that the new low-income allowance, which is built into the optional tax tables, eliminates separate computation. The optional tax tables have been extended from \$5000 to \$10,000. This eliminates the need for tax computations by people who do not itemize deductions.

All personal exemptions have been increased from \$600 to \$625 for 1970.

Returns are no longer required from single persons with income under \$1700, nor from married persons filing jointly with incomes under \$2300. These figures are increased by \$600 if the individual or his spouse is 65 or older, and by an additional \$600 if both are 65 or older.

The tax surcharge, which was 10 per cent last year, was reduced to 5 per cent for the first half of 1970. This means the tax surcharge is figured at the average rate of 2.5 per cent for the total year's income.

Many more taxpayers can now

## Parents Club To Give Style Show

A dinner and fashion show will be presented by the Emmons Parents Club Thursday, March 11 in the Holiday Inn, Gurnee. The theme is "Swing Into Spring."

Fashions will be presented by Antioch stores.

Tickets are available by calling 395-2954 or 395-5283. They also can be obtained at the door on the day of the event.

With its 425 or so species the finches and their cousins make up the largest of all bird families.

## FUNERAL NOTICES

### MRS. AMANDA M. HOFFMAN

Mrs. Amanda M. Hoffman, 87 years old of 744 Main Street, Antioch, passed away at 1:15 a.m. on Thursday, Jan. 21, at Victory Memorial Hospital. She was born on June 1, 1883 in Morrison, Wis., and had resided in Milwaukee, and Havana, North Dakota, before moving to Bassett, Wis., in 1902, then moved to Antioch in 1962.

She was a member of Holy Name Church at Wilmet, and the National Catholic Society of Foresters.

Amanda M. Lynch married Martin E. Hoffman on Nov. 8, 1902 in Fargo, North Dakota, and he passed away on Feb. 16, 1962. Several brothers and sisters preceded her in death.

Survivors are two daughters, Mrs. Georgiana (Irving W.) Carey, Antioch, and Mrs. Mary Mullen, Tampa, Florida; four grandchildren and 6 great-grandchildren.

A funeral mass was held at 10:30 a.m., Saturday at Holy Name Church in Wilmet, Wis. Interment was in Holy Name Cemetery at Wilmet. Friends called at the Strang Funeral Home in Antioch Friday, where a parish vigil was held at 7:30 p.m. Friday.

### MRS. HILBORG SWANLUND

Mrs. Hilborg Swanlund, 76 years old of Lake Villa, passed away at 7:00 a.m. Friday, Jan. 22 at North Riverwoods Center near Libertyville. She was born on May 17, 1894 in Oslo, Norway, and came to the United States in 1919 to reside in Chicago, then to Ingleside, 33 years ago, to Antioch six years ago, and has been

## ABOUT WEIGHT CONTROL

Today I'm going to seem a spoilsport. For just as the holiday season is approaching I'm going to talk about controlling your weight. Is there method behind my meanness? Could be. For this is a time of year when lots of people gain weight and then have to lose it again, come January. Perhaps we can motivate you to take it easy enough to simply maintain your good weight and not suffer later adjustment.

It is not good to gain, then lose, then gain again, and then lose. It is poor health practice. And from the standpoint of appearance, it is stupid.

Now then, to science without further diatribe.

### Four Basic Questions

There are four things, in particular, that we don't fully understand about weight control. And since things we don't understand often attract misinformation and confusion, let's discuss them, today.

First, we don't know much about what it is that controls appetite in humans. Nutritionists Marjorie B. Washburn and Gail G. Harrison, in the U.S. Dept. of Agriculture's book, "Food For Us All," state that appetite controlling mechanisms have been identified and located in the brains of laboratory animals. When the area which controls satiety is destroyed, the animal eats voraciously and so becomes obese.

We can assume humans have a similar mechanism. But we're not yet sure how it works. And psychological factors probably are

also involved. But don't look for help from this angle yet — the evidence is not in sight.

Are some people more efficient in their utilization of food than others? There is little research evidence to support the idea, as reasonable as it might seem. Forget this until a lot more research is done.

### What About Nibbling?

How about frequency of eating — nibbling? Does it affect the body's conversion of food to fat? Studies with rats suggest frequent small meals produce more body protein and less body fat than eating the same number of calories at one meal. But studies with other animals and humans have so far failed to show similar effect. So, for now, how many meals a day you have, assuming that more meals will not mean extra calories, is simply a matter of personal choice.

And finally, how about the proportion of protein, fat, and carbohydrate in your diet? Does it make any difference in how fast you lose weight?

### Drastic Dieting

Many diets appear, altering the amount of one or another nutrient. Especially prominent have been diets called high fat-low carbohydrate. When researched under controlled conditions, none of these have produced weight loss beyond what should be expected from the calorie deficit they employ. Such drastic dieting, including total fasting or starvation diets, should only be considered if your physician advises it.

living in Lake Villa until moving to the nursing home at Libertyville.

She had retired as a bookkeeper for Antonsen Paint Store at 4431 Broadway in Chicago.

She married Elmer Swanlund in Nov. 1927 at Chicago, and he preceded her in death in 1944.

She is survived by one daughter, Mrs. Irene Nevitt, Antioch; two sisters, Mrs. Hilda Antonsen, Ingleside, Ill., and Mrs. Anna Andresen, Oslo, Norway, and six grandchildren.

Funeral services were held at 2:00 p.m. Saturday at the Strang Funeral Home in Antioch. The Rev. Donald Cobb of the Antioch

United Methodist Church officiated. Interment was private.

### JOHN PAUL USAS

John Paul Usas, about 82 years old of Antioch, was found in his mobile home on Thursday, Jan. 21, on Deep Lake Road north of Highway 173. He had apparently been deceased for several days before being found.

He was born in Lithuania. He had worked as a farmer, and later as a boat tender for the Channel Lake Boat House. His only survivor is a nephew, Albert Usas of Atlanta, Georgia. Private services were held at the Strang Funeral Home in Antioch.

## COMING EVENTS

### Friday, January 29

End of six weeks grading period.

### Monday, February 1

Celebration of Lincoln's Birthday, No School Order Eastern Star #428 Chili Dinner Noon to 2 p.m. at Masonic Temple, 827 Main St.

## The broiler that cleans up after itself is electric.

Steak splatterings, burnt grease—anything that gunks up a broiler—disappear when you turn an electric self-cleaning oven to "clean."

With the other kind, you may have to clean the broiler by hand. Ugh.

Another thing. An electric self-cleaning oven does the job without heating up your kitchen, because it's insulated on all six sides. And you don't need venting because there's no flame.

Simple decision, right?

Commonwealth Edison

# Antioch Upsets Grant; Nips Zion

SPORTS  
Thurs., January 28, 1971 THE ANTIOCH NEWS-6

## By the Sixth Man

On January 7th I pointed out a few team goals, two of them being wins over Grant and Zion-Benton. This weekend Antioch captured these goals by defeating Grant 7-59 and Zion-Benton 62-59.

Our ability to come back in the third quarter is what won the games for us. Both the Grant game and the Zion-Benton game were won by spurts in the third quarter.

I think our varsity coach, Roger Andrews, stated the team's feeling quite well when he said "The Sequoits didn't want to lose. They have tremendous spirit and pride. They don't fold."

Mieure, Michalak and Bentel all supplied great effort in the fourth quarter to get by Zion-Benton by 3 points. Tim and Pat Michalak played two very poised ball games.

The players of the week in my estimation would be a 6' 4" Junior Pat Michalak. Pat did everything this weekend for the Sequoits' rout of Zion-Benton, and

Grant. Pat's big game was against the Z-B's as he tallied 14 points and rebounded aggressively. I feel that Pat has improved greatly over his past few games.

Steve Bentel and Keith Bolton both provided some fine offensive work as they tallied in double figures in both games.

I must admit that Zion-Benton is a fine, well-disciplined ball club. Grant, on the other hand, seemed rather mixed up on defense and didn't handle the ball well at all.

The other Antioch starter Tom Martin did a fine job in both games defensively. What few people really know about Tom, is his aggressiveness on the boards and fine passing; an asset that wins many ball games for Antioch.

Antioch is now moving up in the win column with the Sequoits posting a 14 and 5 record.

I personally feel that after these two ball games Antioch will win the district championship and

a plausible shot at the title game in the regional.

## New Group of Teenagers Emerging With Special Comprehensive Needs

By Alfred L. Scherzer, Ed.D., M.D., Assistant Professor of Pediatrics and Director, March of Dimes Meningomyelocele Clinic, New York Hospital

The medical world is beginning to see a new group of teen-agers who have special physical and emotional problems. I am not talking about rebellious youth on strife-torn campuses nor school-age drug users.

I'm talking about the youngsters who would not have survived early childhood as recently as 20 years ago. Now, thanks to improved diagnosis and treatment, children with a birth defect called meningomyelocele have been given a lease on life that runs years beyond the previously allotted span.

Meningomyelocele is a congenital malformation of the back, usually in the form of an open spine. It causes damage to the spinal cord. This leads to malfunction of the bladder and bowel, and difficulty in walking. Before modern surgical techniques were developed, kidney failure was a common cause of death in these cases because urine would back up in the bladder, causing an eventually fatal infection.

Today, however, children born with this birth defect can undergo ileal conduit surgery, a diversionary, life-sparing operation that prevents chronic kidney disease. Meningomyelocele, the most common of the major birth defects, does not of itself entail mental retardation. Frequently the child can walk without aid of braces or crutches.

### Emotional Problems

Those of us working directly with these young people want to help them with more than regular physical examinations and prescriptions. As they approach adolescence, they inevitably experience a tangle of emotional conflicts. Social isolation ranks high, a factor which often impairs the young person's self-confidence and belief in his own ability to function in the everyday world. Frequently, they are over-protected by the family and have little informal, give-and-take contact with their peers, even in school. This, of course, height-

DR. ALFRED L. SCHERZER and associates at the March of Dimes Birth Defects Center at New York Hospital, are studying new ways of bringing comprehensive help to children who require help from many specialists. As medical advances constantly improve their chances for a longer life span, these youngsters face unique physical and emotional problems.

ens their sense of being different and alone.

My colleagues and I here at the March of Dimes Meningomyelocele Clinic have been particularly concerned about this. We know what potential these children have if given the right kind of support and direction.

Recently we finished a study of a small group of patients and families from the clinic to learn more about the social and emotional pressures these children face as they grow older. Much valuable information was uncovered and we have set up several new programs to deal with these needs.

### "RAP Sessions"

Chief among them is a loosely structured club, or group session, for girls 11 to 15 years old. Eventually we will have mixed meetings, but we decided to start off with separate sessions.

It was the first opportunity that many had had to meet informally with others who shared their problems. It came as a great relief to the girls to exchange questions and ideas about such acute subjects as dating, school, family, meeting people and handling questions about their condition. They were particularly anxious to talk about the sensitive issue of the conduit oper-

ation that all had experienced. A doctor, clinical nurse or medical social worker is always present at these "rap sessions."

The meetings also give them a chance to meet and mingle with high school and college volunteers from the New York chapter of the March of Dimes.

### Wide Application

These sessions serve to support the family too. Already feedback from parents indicates that their daughters are opening up with them for the first time and beginning to discuss their problems at home.

Our work in this area is still quite new but it is becoming obvious that guidance and support for emotional adjustment are necessary elements in treating the older child with birth defects.

The significance of the program is that it serves as a model for developing comprehensive care to meet the special needs of an emerging group of young adults with any type of chronic disabling condition. This is true not only of those with meningomyelocele, but of patients with other handicaps, such as cardiac, kidney, metabolic or orthopedic conditions, that require chronic, long-term care by different specialists.

## Legal Notice

LEGAL CLAIM NOTICE  
IN THE CIRCUIT COURT OF THE NINETEENTH JUDICIAL CIRCUIT, LAKE COUNTY, ILLINOIS

PROBATE DIVISION  
ESTATE OF WILLIAM F. BARKOW, Deceased.

FILE NO. 69P-689

Change in Classification Sought: From R-1 One Family Dwelling District to the R-5 Multiple Family Dwelling District, to permit the petitioner to erect an apartment building thereon.

All persons desiring to appear

## V.A. NEWS

Veterans and their families are asking thousands of questions concerning the benefits their government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q—I am a Vietnam veteran discharged May 2, 1967, attending school under the GI Bill. Does this bar me from the home loan benefit?

A—No. The availability of the home loan benefit is not affected by the education benefit in any manner whatsoever.

Q—I am a recently discharged veteran. Is there some type of insurance available to me?

A—if you have a service-connected disability, you may qualify for Service Disabled Veterans Insurance. You must apply within one year of the date of notice that service-connection is granted, but you may apply before requesting or receiving a grant of service-connection. Upon receipt of your application for this insurance, VA will determine if you are eligible.

Also, a veteran may convert his Servicemen's Group Life Insurance to an individual, permanent policy within 120 days after separation from service.

Q—I want to enter college next summer. Should I advise the VA now, or enroll and advise the registrar of my veteran status at that time.

A—you should inform the VA as soon as possible of your plans to enroll.

Q—How long am I entitled to receive payment from VA while pursuing my education?

A—you are entitled to 1½ months of schooling for every month of active duty after Jan. 31, 1955, with a maximum allowance of 36 months. However, no educational assistance may be paid after eight years from the date of your last discharge.

Q—I wish to apply for a certificate of eligibility for a GI loan, but I lost my DD-214, Armed Forces Report of Transfer or Discharge. What should I do?

A—the VA will accept a legible copy or an original discharge or release from active duty. If a copy is not available, apply at any VA office for an application form for a replacement.

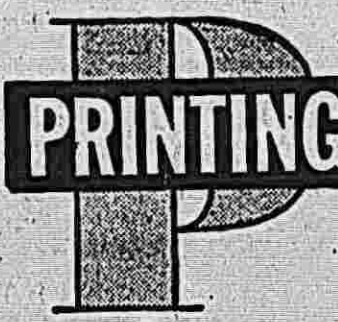

Q—When will I receive my dividend check on my GI insurance?

A—if all premiums due have been received, checks are mailed by the policy anniversary date, and should be received shortly thereafter.

Q—Can a veteran go to any school, or pursue any educational program he desires?

A—Yes, if the course or program leads to a recognized educational, vocational or professional objective, and is approved by a state-approving agency.

It's easy to place a classified—Just dial 395-4111.

## THE ANTIOCH NEWS—7

Thurs., January 28, 1971

LEGAL CLAIM NOTICE  
IN THE CIRCUIT COURT OF THE NINETEENTH JUDICIAL CIRCUIT, LAKE COUNTY, ILLINOIS

PROBATE DIVISION  
ESTATE OF LILLIE FIDDLER, Deceased, FILE NO. 71 P-8

NOTICE IS GIVEN of the death of LILLIE FIDDLER of Zion, Illinois. Letters of Office were issued on January 21, 1971, to ELMER BAETHKE, 491 Naber Avenue, Antioch, Illinois, Administrator, whose attorney is JACOBSON & JACOBS, 425 Lake Street, Antioch, Illinois.

Claims against the estate may be filed in the Probate office of the Clerk of said Court, 18 N. County Street, Waukegan, Illinois, 60085, within 7 months from the date of issuance of letters; any claim not so filed is barred as to the estate inventoried within that period. Also copies of claims must be mailed or delivered to the Administrator, and to the attorney.

STEPHANIE SULTHIN  
Clerk of the Circuit Court  
(Jan. 28, Feb. 4, 11, 1971)
